

## Tuross Head Rural Fire Brigade

### Your donations at work.

Once again it seems we have successfully survived Christmas and the start of the New Year without too many local dramas. During the last month, following the Christmas Day house fire, your Brigade has only had one other call-out (to an unauthorised burning). This has given members time to get stuck into some much needed depot maintenance and improvement ... the latter courtesy of a significant donation we received last year.

As you can see in the attached photos it has been all hands on deck, under the direction of Rob Nash, upgrading our change room from the sometimes cluttered locker room environment you see in the "before" photo, to the much more efficient, clean, neat and open arrangement seen during several phases in it's development.

The room has been completely gutted, cleaned, painted and fitted out with pre-cut shelving facilitating access to members' personal protection equipment.

When work on this section of the depot is completed shortly, it is expected that the remainder of the depot will be also be receiving a facelift – details of which are yet to be decided (subject to our Brigade's finances).

**We're getting ready ... are you?**

**PREPARE . ACT . SURVIVE .**
