

Tuross Head Rural Fire Brigade

No call-out incidents to report this month, however there has still been plenty to keep members of the Brigade busy. With the approach of winter in mind, the Brigade recently held a successful fund raising activity when it raffled off a trailer load of fire wood, split and cut to a ready-to-use size. We appreciate the response from those who entered the raffle or otherwise donated to help the work of the Brigade.

Anzac Day also brought out quite a few Brigade members to the traditional and, once again, well attended dawn service at the Tuross Head Memorial Gardens. Even more members joined the 11am march from Birdwood Circle which culminated in a Commemorative Service at the Tuross Head Country Club. We were to proudly represent the Tuross Head Rural Fire Brigade on this day when we solemnly remember those Australians who served and died in all wars, conflicts, and peacekeeping operations. Lest we Forget.

On another note, work on upgrading the Brigade depot is continuing and the change room is starting to look especially smart. Passers-by may also notice that we are also about to install a 22500 litre water tank as an appropriate water conservation measure. Once again we thank all those who have generously donated their time and money towards making these improvements a reality.

Even while this work has been underway we have not been distracted from our main cause – and training has continued alongside these “working bees”. In fact a couple of our members will shortly be attending another formal course at the RFS training facility at Mogo. We wish them every success in the knowledge that this training will help to improve the flexibility and professionalism which has become associated with the Tuross Head Rural Fire Brigade.

Come and talk to us about joining! We welcome more members. You'll find us in Drake Street, where training is underway every Wednesday evening from 5:30 to 7:30 and from 9am to noon on the first Saturday morning of each month.

PREPARE . ACT . SURVIVE .
