

Tuross Head Rural Fire Brigade

August 2008

You may have recently noticed an extensive area of scorched grass on the northern side of Hector McWilliam Drive. This was the result of a very successful day long controlled burn undertaken by the combined forces of Tuross, Moruya and Bingi Rural Fire Brigades.

Somewhat less successful was our response to a recent call-out to a backyard fire. Tuross Brigade found itself unable to field even a minimum crew – a reminder that the Brigade consists of relatively few volunteers, each of whom sometimes has another life. On this occasion Moruya Brigade was able to attend and there was a good outcome, but I'm sure you'd like us to attend if it was your backyard! Obviously the Brigade needs more members. So if you are over 18, how about doing yourself and your neighbours a favour and join us up in Drake Street any Wednesday evening from 5:30 to 7:30 or from 9am to noon, on the first Saturday morning of each month.

You are also reminded that the annual RFS OPEN DAY is fast approaching. This year the event falls on Saturday 20 September, and Tuross Brigade will once again be ready to welcome all and sundry between 10am and 1pm.
